How to wear your Iceepak Cooling Scarf

The following pictures and notes are designed to assist in the assembly of your Iceepak Cooling Scarf to ensure the most efficient cooling is achieved.

1. Lay your Cooling Scarf out on a flat surface

2. Take your Flexible Ice Strip and lay it out diagonally along the middle of the scarf

3. Fold the bottom corner of the scarf over the Flexible Ice Strip

4. Pinch the long sides of the Flexible Ice Strip and roll over on the Scarf

5. Repeat Step 4

6. Hold both ends of the Ice Blanket and place the Cooling Scarf around the neck

7. Feed the 2 Scarf tails through the top eyelet of the supplied Coconut Buckle, then feed the 2 Scarf tails through the bottom eyelet of the Buckle to secure in place
